

GLUE

FILTRATION

HiFlux Auto-line® filters are specially designed for automatic liquid filtration

HiFlux Filtration A/S

80%

of our customers within your industry use our Autoline filters LR, XLR and XXLR

Robust Design & Simple Maintenance:

Combines a durable, compact form with fewer moving parts for reliability and easy servicing.

Cost-effective and Eco-friendly:

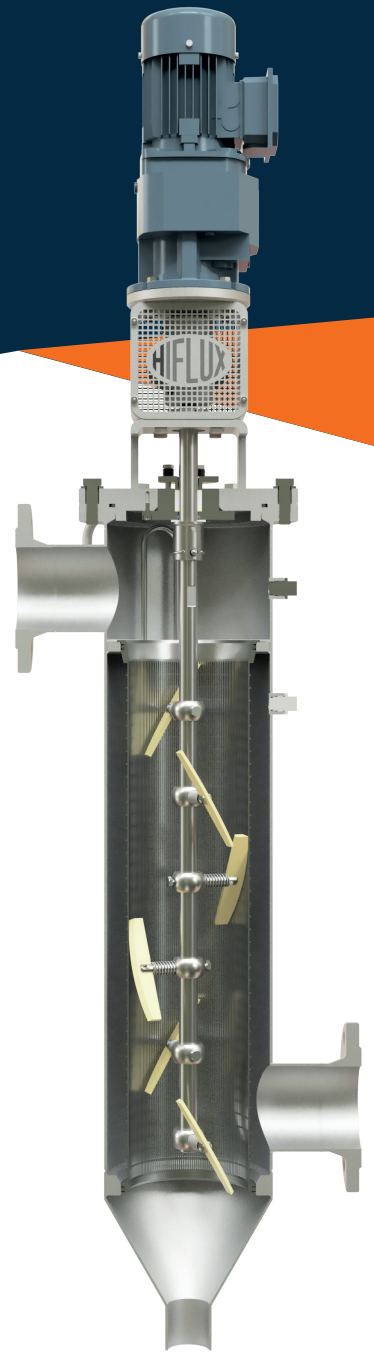

We focus on the environment by ensuring low running costs, waste reduction, and energy-efficient designs.

Enhance Operator Safety: The fully enclosed system prevents hazardous fumes from escaping and limits operator exposure to liquid products.

Test before you invest: We offer the option for a test with a filter in the right size and figuration for your needs.

Elements: We can deliver the filters with - Perforated plate from 0.5 mm, wedge wire from 15 microns, laser bore elements from 30 microns.

ATEX Approval & PED Approval available for all filters.
