FILTRATION

HiFlux Auto-line® filters are specially designed for automatic liquid filtration

HiFlux Filtration A/S

80%

of our customers within your industry use our Autoline filters MLR, LR, XLR and XXL

Superior Hygienic Design: Tailored for food processing, following EHEDG guidelines, with a CIP-friendly configuration.

Uninterrupted & Pure Filtration Performance: Continuous operation with contaminant prevention, using food-grade components.

Filtration rate: Filters from 15µm to 3mm, optimizing your product quality.

Robust Design, Simple Maintenance: Robust and Cost-Effective: Features a durable, compact design with easy maintenance and high hygiene standards, alongside high efficiency and a low-cost, waste-reducing sluice system.

Enhanced Safety and Efficiency: Designed to prevent pressure drops and safeguard consistent operations.

Cost-effective and Eco-friendly: We focus on the environment by ensuring low running costs, waste reduction, and energy-efficient designs
